

Nataša Bauer, PhD

Associate professor
Division of Molecular
Biology,
Faculty of Science,
University of Zagreb,
Croatia

November 6 (Wednesday)

1) *Methodology of plant genetic engineering*

10:55 - 12:30 (Dep. of High Plants, 519).

2) *Genetically modified plants engineering, present and past*

12:45 - 14:25 (Dep. of High Plants, 519).

November 7 (Thursday)

3) *Plant biotechnology overview*

11:00 - 12:30 (Dep. of Evolutionary Biology, 573).

4) *Developing modified plants for studding the action of genes*

15:15 - 16:50 (Dep. of High Plants, 519).
